ON

PROPOSED GERMAN EXPORT TO BULGARIA OF 133 KMS OF RAILWAY SIGNALLING CABLE

28th July, 1960

Present: Belgium (Luxembourg), Canada, Denmark, France, Germany, Italy, Japan, United Kingdom, United States.

Reference: COCOM Document 4079 and Corrigendum.

1. The CHAIRMAN drew the Committee's attention to a Memorandum from the German Delegation (COCOM 4079) concerning the export to Bulgaria of 330 Kms of railway signalling cable. He invited Delegates to express their Governments' views.
2. The BELGIAN, CANADIAN, DANISH, FRENCH, ITALIAN, JAPANESE and UNITED KINGDOM Delegates stated that their Governments had no objection to the proposed export.
3. The Chairman said that the NETHERLANDS Delegation had informed him that the Netherlands Government had no objection.
4. The UNITED STATES Delegate stated that, on the assumption that the French (COCOM 4072) and German cases were identical, his authorities had no objection, on condition that only one order was shipped and installed and that the Committee should be promptly informed when a definitive contract was entered into by either a French or a German firm for the export and installation of this equipment.
5. The CHAIRMAN noted that the export had been approved on an alternative basis.
